Public Hearing on Proposed Intergovernmental Boundary Agreement between the Village Of Windsor and the Town Of Vienna under Sec. 66.0301(6), Wis. Stats. - President Wipperfurth opened the public hearing at 6:01 p.m. Village Attorney Anderson gave a brief overview and the process of how we got to this point. Shortly after the village of Windsor became incorporated, President Wipperfurth met with Vienna Clerk Shawn Haney to discuss a boundary agreement and what would be included in that agreement. The general terms were provided, and the town and village attorneys together put that into an agreement. After the public hearing, there is a 30-day period wherein an individual could ask for a referendum. The boundary agreement is pretty straight-forward on its face. Windsor could annex property from the town, but the village is not going to annex any property unless the board approves of the annexation. The boundaries for extraterritorial jurisdiction are consistent with the village of DeForest's plan.

If lands in Vienna adjacent to Windsor are developed, the road connectivity will be designed to inter-connect with streets in Windsor. Village Attorney Anderson described on the areas on the overhead map. For the term of this agreement, we are following the Vienna Comprehensive Plan in that area. The term of the agreement runs for five years and auto-renews at the same time as Vienna's agreement with DeForest expires. One hundred eighty days prior to the expiration the communities will get together to see how the agreement has been working. This is consistent with the preexisting agreement with the village of DeForest.

President Wipperfurth expressed his appreciation for Vienna's patience with Windsor in this process. Windsor has been extremely busy with organizational details. He looks forward to continuing to work with Vienna. President Wipperfurth closed the public hearing at 6:08 p.m.
