

# Public Information Meeting

I.D. 1011-03-76  
CTH DM Bridge B-13-0648 over IH-39/90/94  
Dane County

May 15, 2017 from 5:30–6:30PM  
Town of Vienna, Town Hall

**Construction Begins Monday, May 22, 2017**

## Location

The project is located on County Highway DM in Dane County.

## Improvements

This project includes the removal and replacement of the County Highway DM Bridge over I-39/90/94. The new bridge will be built in the same location as the existing bridge, and 2 retaining walls will be constructed, one on either side of the interstate. The finished bridge and retaining walls will look similar to the County Highway I bridge over the interstate. The east intersection of WIBU Road and County DM will be relocated further east to improve intersection visibility.

This project will also include River Road bridge rehabilitation to begin later this summer (currently scheduled to begin in late July). Another public information meeting will be held prior to the start of the River Road bridge rehabilitation.

## Scheduling

Construction is scheduled from May 22 – October 13, 2017.

## Traffic

County Highway DM and WIBU Road (north leg) will be closed during construction with a detour route using County Highways V and I.

On interstate, I-39/90/94:

- Single lane closures will be utilized on the interstate during off-peak travel hours.
- Double lane closures will be utilized on the interstate:
  - Prior to Memorial Day: nightly from 10pm – 5am, Sunday through Friday
  - Memorial Day to Labor Day: nightly from 10pm – 5am, Monday through Thursday
  - After Labor Day: nightly from 10pm – 5am, Monday through Friday
- Rolling stops will be utilized in June to remove existing girders and August to install new girders.
  - These stops will happen between 12am – 5am, there will only be 6 and each will not last more than 15 minutes.

## Questions and Updates

If you have questions, please contact Hanna Johnson, WisDOT Project Leader, (608) 516-1616, [hanna.johnson@dot.wi.gov](mailto:hanna.johnson@dot.wi.gov).

The project website will be updated regularly, located here:
