River Road Bridge Closing Monday, August 7 for Rehabilitation Project

Beginning Monday, August 7, the River Road Bridge over I-39/90/94 will be closed for a rehabilitation project. During the closure, repairs will be made to the existing bridge and there will be a deck overlay. The intersection of River Road and Windsor Road will remain open, only the bridge over the interstate will close. Local traffic access to properties adjacent to the project will be maintained at all times. There will be no detour posted on the project due to its proximity to Cuba Valley Road to the north and WIS 19 to the south which offers road users access to areas served by the bridge. The bridge will re-open on Friday, October 13, 2017. For more information, please see the WisDOT projects website: <https://projects.511wi.gov/riverroad/>
